

Notification of Rights for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day Mahanoy Area School District (MASD) receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students may ask MASD to amend a record that they believe is inaccurate or misleading. They should write the school principal (or appropriate official), clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the school official decides not to amend the record as requested by the parent or eligible student, the school official will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right of a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

**Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605**

5. As required by Federal law, parental consent is not required for the release of Directory Information, which is information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed.

The Mahanoy Area School District designates the following as Directory Information: the student's name, address, telephone number (with the exception of unlisted telephone numbers), date and place of birth. A parent/guardian or eligible student may notify the District in writing of their refusal to allow the District to release Directory Information without prior consent. Except for Directory Information, all personally identifiable records directly related to the student shall be kept confidential, unless the parent/guardian signs a consent form releasing such information.
